

DO YOU WANNA DANCE

Paroles : Corinne MOLINA

1er couplet

Love that I feel
Burn in me
Consume me
Needs to be free

My body
Is burnin'
And my heart warm
Come on baby
Come in my arm

When I see you
I just want to
Touch you
To feel your arms around me

Can you hear me
Calling
Come on baby
Be my star
Babe before you break my heart

You are a part of my heart
You're my soul
You are my breath
You're my strength
You're my life
You are my light
Oh oh

You make love unreal
A feeling I know just in my dreams
Tell me it's not a dream
Tell me it's real
I just wanna touch the dream

Refrain

Do you wanna dance
And hold my hand
Do you wanna make a great romance

Do you wanna dance
Under the Moonlight
Do you wanna us burn our lifes
Do you wanna dance
And make me high
Do you wanna dance all through the night

Do you wanna dance
With me through the hours
Do you wanna make this moment ours

2ème couplet

Come next to me
Take my hand
Fly with me
To the dream land

Let us join our body
In harmony
Let's become one
You and me, one

I am consumed by my passion for you
This emotion burns for you
I can't wait for your love
Show you my love
I can't contain my self when I'm with you
I wanna melt into you
